AIR DISC PLUS Formula

CONSISTENT STOPPING POWER. LONGER INTERVALS. MORE UPTIME.

TTX brake pads are engineered for the demanding stop-and-go nature of transportation, delivering consistent braking, durable performance and dependable stopping power—helping public and private fleets reduce maintenance downtime and keep vehicles moving.

LINK EQUIPMENT. TESTING. SUPPORT.

MORE UPTIME
Long-lasting friction materials help extend maintenance intervals and keep vehicles moving.

FASTER INSTALLATION
Complete installation kits help streamline the job and reduce installation time.

CONSISTENT PERFORMANCE
Corrosion-resistant backing plates, burnishing layers and multi-layer shims support fast bed-in, reliable braking and quiet performance.

BUILT FOR DEMANDING CONDITIONS
Engineered for high-temperature performance, fade resistance and consistent stopping power across hydraulic and air brake systems.

TESTED. TRUSTED. READY TO PERFORM
Independently tested for performance, longevity, NVH and regulatory compliance. Engineered for air disc brake systems that are designed to meet applicable FMVSS 121 and RSD requirements.

All TTX Brakes are “Zero-Copper” compliant

Typical School Bus Brake System Inspection Intervals

INSPECTION TYPE	FREQUENCY
Driver Pre-Trip Brake Check	Every Trip
Air System Pressure Test	Daily
Detailed Brake Component Inspection	Every 3,000 mi (5,000 km) / 45 days
Comprehensive Brake System Certification	Every 6 months
Annual DOT or Equivalent Inspection	Every 12 months
