Suspension Type Identification – 2013-2007 Acura MDX Rear Upper Control Arms

Brand	Supreme	Product	Control Arm	Date	June 2021
Part Number(s)	CMS601029/CMS601030				

Contingent on vehicle option package equipped at the factory for the application(s) listed below, front and rear ride height sensors will be installed for the correct function of the ADS (electromagnetic strut) suspension system and related components.

Application(s)

2013-2007 Acura MDX

Mevotech Supreme control arm(s) CMS601029 and CMS601030 include a mounting tab for the rear ride height sensors. It is important to note that CMS601029 and CMS601030 are compatible with vehicles equipped with either the Base (conventional strut) suspension or ADS (electromagnetic strut) suspension. When installing on a vehicle with the Base suspension, the mounting tab will not be used. **See Figure 1**.

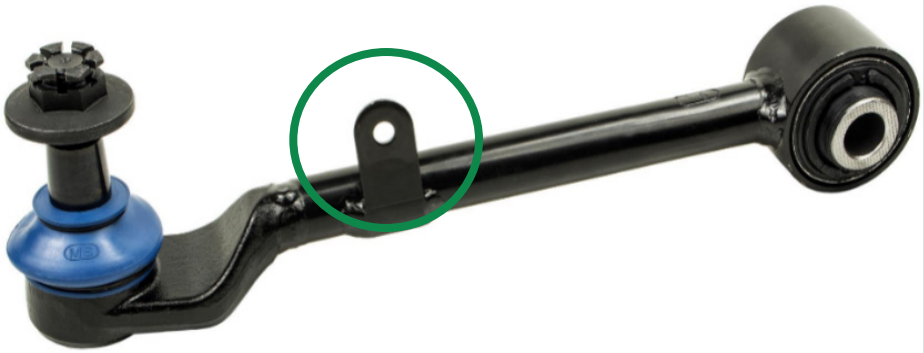

Figure 1. CMS601029 and CMS601030 feature a mounting tab for the rear ride height sensor(s) on ADS equipped vehicles. This tab may be disregarded when installing the control arm on Base suspension models.
