2015-2019 Ford Mustang Inner Tie Rod Spacers

Brand	Supreme	Product	Inner Tie Rod	Date	June 2020
Part Number(s)	MS40759				

Front inner tie rods for the 6th Generation (S550) Ford Mustang feature 3 different possible types of steering spacers, based on original factory rim options. These three types of spacers are denoted by by their color types:

- White
- Orange
- Green

When ordering and/or replacing inner tie rods and where the factory rim option is unknown or has changed, it is important to use the correct spacer to retain original handling and performance characteristics.

To determine the correct spacer, the rim width must be measured (from tire bead seat to tire bead seat – See Figure 1). To reduce install time, Supreme inner tie rod PN# MS40759 includes all three spacers in the box. See Figure 2 for cross reference chart.

Figure 1 : How to Measure Rim Width

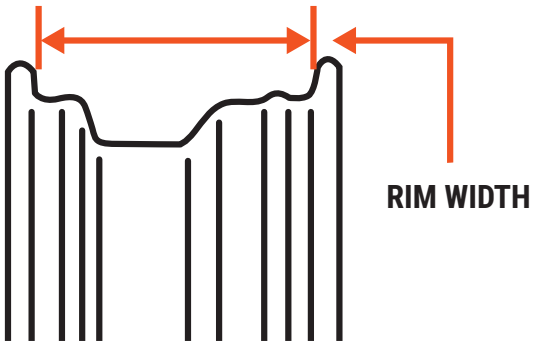

Figure 2 : Steering Spacers and Corresponding Rim Width

SPACER MEASUREMENTS	
Color	**Width**
White	7.5"
Green	8 - 8.5"
Orange	9 -11.5"
