Design Improvement: 2021-2017 Honda CR-V Front Lower Control Arms

Brand	Supreme	Product	Control Arm	Date	August 2022
Part Number(s)	CMS601054/CMS601055				

The OEM (PN: 51360-TLA-A71/51350-TLA-A71 and various others) front lower control arms for the below listed application utilize a standard stamped steel profile.

Application(s)
2021-2017 Honda CR-V

Mevotech Supreme front lower control arms CMS601054 and CMS601055 are engineered with an improved stamping profile, which fills-in control arm body voids. Additionally, the compliance bushing mount is converted from a hollow design to a solid forged shaft. This adds rigidity and strength to the assembly as the vehicle is motion, reducing stress on the component. **See Figure 1**.

Figure 1. Mevotech Supreme front lower control arm CMS601054 with improved stamping profile featuring filled-in voids and solid bushing shaft (top) vs OEM design (bottom)
