MEVOTECH

MEVOTECH X-FACTOR BULLETIN

Products Engineered for the Professional Technician

Improved Ease of Installation: 2019-2011 Ford Fiesta and 2021-2018 Ford EcoSport Front Lower Ball Joint

Brand	Supreme	Product	Ball Joint	Date	August 2022
Part Number(s)	MS40534				

Mevotech Supreme front lower ball joint MS40534 for the below noted applications is engineered with several enhancements to facilitate ease of install for the Professional Technician.

Application(s)
2021-2018 Ford EcoSport
2019-2011 Ford Fiesta
2013-2011 Mazda 2

MS40534 is designed with a significantly larger housing flange, both in diameter and thickness. This increases total surface area for press-in and allows the Professional Technician to utilize a wider range of adaptors. The larger flange improves part strength and knurling on the housing helps to seat the ball joint into the control arm bore. **See Figure 1**.

Improved Ease of Installation: 2019-2011 Ford Fiesta and 2021-2018 Ford EcoSport Front Lower Ball Joint

Additionally, a Bootstaller™ tool is included to fit the dust boot securely and easily after press-in. This eliminates potential for damage or perforation and creates a firm seal between the housing and boot. New anti-corrosion coated hardware in the box allows for a complete and frustration-free install. **See Figure 2**.

MS40534 also features greaseable self-lubricating sintered bearings for better durability and longer part service life.

Figure 2. Bootstaller™ tool and all required hardware is provided for a complete install
