MEVOTECH X-FACTOR BULLETIN

Products Engineered for the Professional Technician

Labor Saver™: 2019-2007 Jeep Compass & 2017-2007 Jeep Patriot Rear Lateral Link

Brand	Supreme	Product	Lateral Link	Date	January 2023
Part Number(s)	CMS251006				

Due to build-up of corrosion over time, the rear lateral link bushing to frame eccentric bolts often become seized, preventing a rear alignment. Additionally, when removing the original lateral link during a replacement service, these bolts may strip, break and or otherwise develop an out of specification condition and should not be reused.

Mevotech Supreme rear lateral link CMS251006 for the below listed applications includes a full set of anti-corrosion coated replacement hardware.

Application(s)
2019-2007 Jeep Compass
2017-2007 Jeep Patriot
2012-2007 Dodge Caliber

This reduces installation time and eases future alignment service, while providing an enhanced value repair option for the Professional Technician. **See Figure 1**.
