MEVOTECH X-FACTOR BULLETIN

Products Engineered for the Professional Technician

Labor Saver™: 2019-2011 Ford Explorer Front Lower Control Arms

Brand	TTX	Product	Control Arm	Date	March 2023
Part Number(s)	CTXMS40185/CTXMS40186				

When performing a front lower control arm replacement on the below noted applications, the factory service manual requires all old hardware to be discarded and new fastening hardware to be used.

Application(s)
2019-2011 Ford Explorer
2019-2013 Ford Police Interceptor Utility

Mevotech TTX replacement front lower control arm assemblies CTXMS40185 and CTXMS40186 include a full replacement hardware package. This includes a new ball joint to steering knuckle nut, a new lower forward bolt and 2x new rearward bolts and nuts. All hardware and the entire assembly is anti-corrosion coated with the Repel-TEK™ formulation. This facilitates a frustration-free install for the Professional Technician and presents more value in a repair option.

Additionally, the control arm features the greaseable self-lubricating patented Dynamic Control sintered bearing for increased part service life and enhanced Integri-Boot™ dust boot to seal out contaminants. **See Figure 1**.
