MEVOTECH X-FACTOR BULLETIN

Products Engineered for the Professional Technician

Labor Saver™: 2021-2014 Honda and Acura SUV Rear Lower Control Arms

Brand	Supreme	Product	Control Arm	Date	February 2023
Part Number(s)	CMS601233/CMS601234				

Due to road salt and other corrosion, the rear lower control arm bolts often become seized. When removing the original control arms for replacement, these bolts may strip, break and or otherwise develop an out of specification condition and should not be reused.

Mevotech Supreme rear lower control arms CMS601233 and CMS601234 for the below listed applications include new anti-corrosion coated replacement bolts with pre-applied thread locking compound, as part of the hardware package. This reduces installation time and provides an enhanced value repair option. **See Figure 1**.

Application(s)
2020-2014 Acura MDX
2021-2019 Honda Passport
2021-2016 Honda Pilot
