Products Engineered for the Professional Technician

Major Design Improvement: 2017-2008 GM Compact SUV Front Stabilizer Bar Links

Brand	Supreme	Product	Stabilizer Bar Link	Date	July 2021
Part Number(s)	MS50880/MS50881				

The OEM (including PNs: 15779960/15779961) and other OE-style front stabilizer bar links for the applications below utilize a non-greaseable plastic bearing and the original lightweight aluminum design.

Application(s)

2015-2012 Chevrolet Captiva Sport
2017-2008 Chevrolet Equinox
2017-2010 GMC Terrain
2009-2008 Pontiac Torrent
2010-2008 Saturn Vue

Mevotech Supreme front stabilizer bar links MS50880 and MS50881 are engineered with an improved solid steel body. This adds rigidity and strength to the assembly and reduces flex and cycling while the vehicle is in motion. These parts feature greaseable, self-lubricating upper and lower sintered metal bearings for extended part service life. Additionally, the ball pin diameter is increased for optimized pressure distribution. New hardware is included for a complete install. **See Figure 1.**

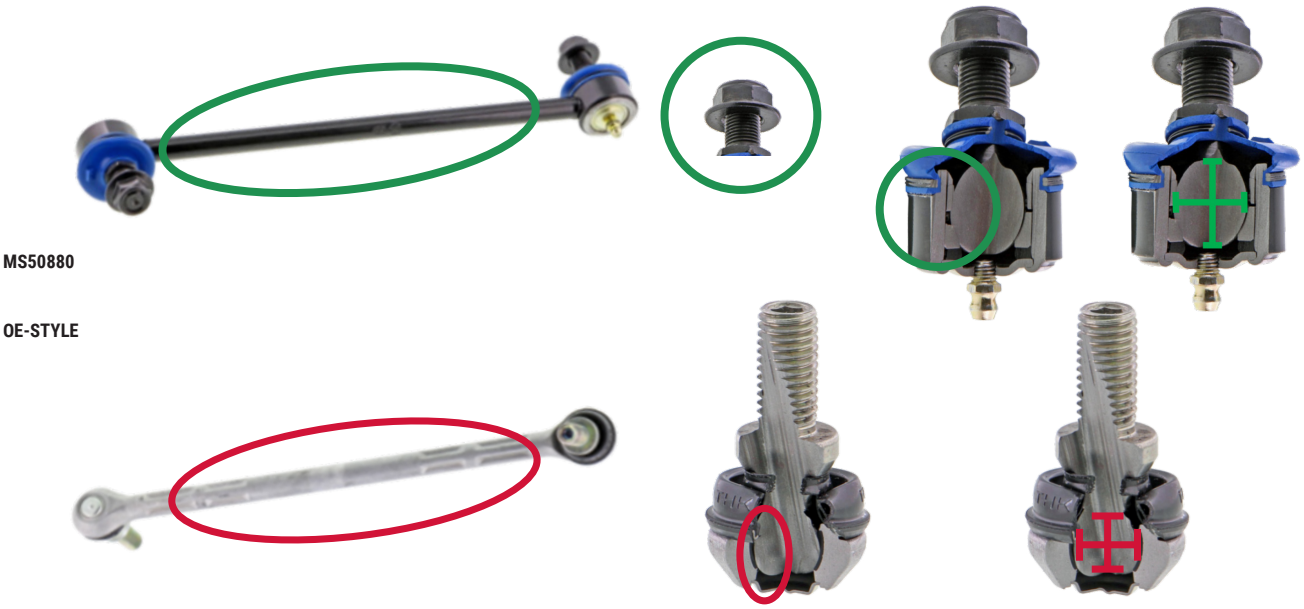

Figure 1. Mevotech Supreme front stabilizer link MS50880 with solid steel construction, featuring greaseable, self-lubricating lower sintered metal bearing, increased ball pin to bearing contact area and included hardware (top) vs OEM with sealed plastic bearing, lightweight aluminum body and reduced ball pin contact area (bottom)
