MEVOTECH X-FACTOR BULLETIN

Products Engineered for the Professional Technician

Major Design Improvement: 2019-2013 Cadillac ATS/CTS & 2019-2016 Chevrolet Camaro Front Stabilizer Bar Links

Brand	Supreme	Product	Stabilizer Bar Link	Date	July 2021
Part Number(s)	MS508184/MS508185				

The OEM (PNs: 20761141/23240970/20761142/23240971) and other OE-style front stabilizer bar links for the applications below utilize a non-greaseable plastic bearing, wherein the housing acts as the bearing surface, and the original lightweight plastic body.

Application(s)

2019-2013 Cadillac ATS
2019-2014 Cadillac CTS
2019-2016 Chevrolet Camaro

Mevotech Supreme front stabilizer bar links MS508184 and MS508185 are engineered with an improved solid steel design. This adds rigidity and strength to the assembly and reduces flex and cycling while the vehicle is in motion. These parts feature greaseable, self-lubricating upper and lower sintered metal bearings for extended part service life and an increased ball pin diameter for optimized pressure distribution. New hardware is included for a complete install. **See Figure 1.**

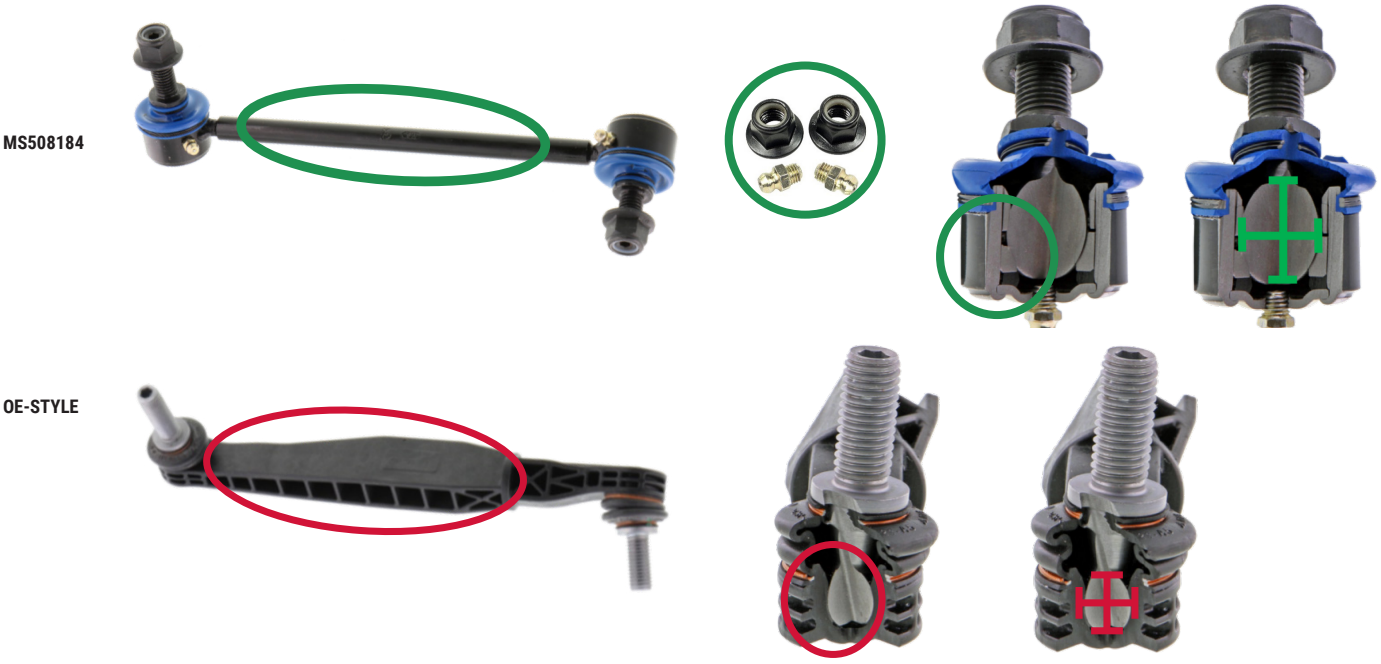

Figure 1. Mevotech Supreme front stabilizer link MS508184 with solid steel design, featuring greaseable, self-lubricating upper and lower sintered metal bearings, increased ball pin to bearing contact area and included hardware (top) vs OEM plastic body, sealed plastic housing used as bearing surface and reduced ball pin contact area (bottom)
