

## Design Improvement: 2021-2017 Jeep Compass FWD Rear Stabilizer Bar Link

| Brand                 | Supreme  | Product | Stabilizer Bar Link | Date | February 2023 |
|-----------------------|----------|---------|---------------------|------|---------------|
| <b>Part Number(s)</b> | MS258151 |         |                     |      |               |

The OEM (PNs: 68273965AB/68273965AC/68498192AA) and other OE-style front stabilizer bar links for the application below feature a lightweight plastic body and a non-greaseable plastic bearing, wherein the housing acts as the bearing surface.

### Application(s)

2021-2017 Jeep Compass FWD

Mevotech Supreme front stabilizer bar link MS258151 is engineered with an improved solid steel design. This adds rigidity and strength to the assembly and reduces flex while the vehicle is in motion. The part features greaseable, self-lubricating upper and lower sintered bearings for extended service life and an increased ball pin diameter for optimized pressure distribution. Additionally, new hardware is included for a complete install. **See Figure 1.**
